

MANAGED MOBILE

AN AFFORDABLE WAY OF MANAGING YOUR DEVICES

Want to improve access to your business systems?

How safe is it for employees to access your data via a mobile device? Do you feel that it is out of your control?

With the range of available devices growing day by day, why not take advantage of the choice available and offer your employees greater flexibility? Barriers to this include:

- Risk of data getting lost or stolen
- Rising costs of different price plans
- No process for managing different devices

We take these worries away from you, giving you peace of mind and enabling you to work in the most efficient way for your business.

THE SOLUTION

"For less than the price of a cup of coffee a day, we'll manage your devices so you can reap the full benefits of working in more flexible ways."

Managed Mobile offers a comprehensive service whatever the device, whether company or employee-owned.

FREE	EMPLOYEE OWNED DEVICES	COMPANY OWNED DEVICES
<ul style="list-style-type: none"> A taster for full managed service Basic phone information Brings devices into your control 	<ul style="list-style-type: none"> Enables passcode setting Wipes data if security breach Gives you better control of your data 	<ul style="list-style-type: none"> Quick, secure set up including policies Provides data on phone usage Increases both security and cost savings

You can either go for a taster service or a complete managed solution that gives you total control over all your devices.

Why is it so effective?

- Works on any mobile device
- Affordable per-user monthly pricing, with no start-up costs
- No infrastructure to buy or maintain
- Super-fast to set up and very easy to use
- Automated service, freeing up your time
