

# What can a Telecom Broker do for **You** and Your **Business?**

**Ever used an Insurance Broker, or a Real Estate Broker? Why not a Telecom Broker? Telecommunications are the life line of your company. Let an unbiased broker work on your behalf to find the optimal services for your company.**

## Brokered Services at No Cost to You

**FlickerTel Inc.** is a telecom broker representing over 25 telecom carriers. We specialize in helping small to medium sized businesses with no telecom professionals on staff, to find the best service available.

### No Hassle, No Bias

Tired of working with sales people intent on selling their product whether or not it works for you? Work with a **FlickerTel Inc.** Product Specialist who will review your services and need and introduce you to solutions that work for you. Our friendly, consultative approach leaves you in control. Once you have the information about all services available to you, you can make an informed decision.

### A FlickerTel Inc. Product Specialist:

- Analyzes your current needs.
- Reviews over 25 carriers.
- Gives your company the benefit of an in-house telecom specialist, just like the Fortune 500.
- Since we don't work for the telecom carriers we don't have a bias toward any of them. We give you impartial advice.

With downsizing in customer support departments, it makes sense to have an advocate like **FlickerTel Inc.** Our initial sale is only the beginning of our support. Just like other brokers you work with, when you have telecom issues you can contact us for help.

### Advanced Features

Telecommunications services have advanced significantly in the last few years. Learn about Virtual PBX software, Voice over Internet Protocol (VoIP), and other new services that don't necessarily require investment in new equipment. Contact your Product Specialist today to learn more about products that can help your company become more efficient while reducing costs.

### Support

Our support continues beyond the sale. Your **FlickerTel Inc.** Product Specialist will continue to help you get the support you need from your carrier. We place thousands of orders through our Carrier partners during our **16 years in business** and can often access support resources not available to most customers.

### Let Us Work for You

- No pushy Telecom salesman to work with ever again.
- Compare the service of over 25 telecom companies instantly
- Problems with your service?  
Let us work with the carrier on your behalf to resolve the issues.
- Eliminate the research time. Real Time Quotes give you the information you want.
- Don't know what you need?  
Our product specialists will walk you through an evaluation to assess your needs.
- Eliminate bias, go with a broker  
Who will find the best solution for you.
- Add a second resource for customer support, again, at no cost.
- Let your FlickerTel Inc. Product Specialist be your "in-house" professional.

**FlickerTel Inc. works with customers seeking to optimize their Telecommunications services. Whether you need 1 or 1000 voice lines, DSL, an Internet T1 or a DS3 or up to OC-255, FlickerTel Inc. can help you find the best service at no cost!**

- Voice Lines
- Local Calling
- Internet Access
- Voice over Internet Protocol (VoIP)
- Wide Area Networks (WAN)
- Virtual and Dedicated Servers
